97 YEARS OF QUALITY, DESIGN AND CUSTOMER SERVICE

Pali's history, to which 4 generations of our family have contributed, spans nearly a century.

Since 1919 the company has undergone many changes. From traditional hand crafted methods of manufacturing one piece at a time to the utilization of advanced technologies today.

Our innovative capability and dynamic vision are family characteristics that drive our willingness and commitment to learn and improve using care and courage. Even though everything has changed in production methods, demand, and styles, one thing still remains: the love for a finely crafted product made with great care and craftsmanship.

Each piece is created with as much attention and devotion as it was in our first workshop. We understand what children need to feel safe and comfortable, and what parents need to have peace of mind.

Today, furniture is a reflection of your personality and style. Pali understands this concept and it is why we offer a great variety of designs for the most discriminating consumers. No matter your style, Pali has the furniture that is perfect for you and your baby.

Pali's furniture is lovingly made by our family for yours

As the industry leader in quality craftsmanship, Pali brings to your baby's bedroom the comfort, style and durability that will bring you peace of mind from the day you bring your baby home and throughout your child's growing years. Recognized for its excellence and distinction, Pali furniture is a part of your baby's childhood that will last a lifetime.

From 1919 to 2016, many extraordinary changes have occurred throughout the world, but one thing has remained the same and that is the love you have for your baby. All of us at Pali take enormous pride in our devotion to family; ours and yours!

So sit back, relax, and flip through our catalog featuring our fabulous collections ranging from cool contemporary, marvelously modern, to totally traditional.

If you have a style in mind, we have it!

PALI'S QUALITY AND VALUE

Italian Style
- Superior Italian design
- Our beautiful cribs convert to toddler bed, child's day bed and full-size bed
- Cribs have cut-outs on side panel posts to ensure crib bedding can be tied on securely
- Cases have levelers on front posts/feet
- Adjustable nylon glides on cribs and cases to help protect wood floors
- For both safety and aesthetic purposes Pali cribs have recessed holes and counter-sunk screws so that the screw heads can be hidden (see picture).

Commitment to the Environment
- Solid woods that are sustainably harvested from trusted and reliable sources that are committed to minimizing environmental impact
- Non-toxic finishes that are regularly tested for lead content
- CARB compliant composite woods that are certified to meet California formaldehyde emissions standards

enviro

JPMA CERTIFIED

Superior Safety and Top Quality Manufacturing
- Cribs and toddler rail conversions are JPMA certified
- All cases are tested to voluntary ASTM standards
- Meet or exceed all mandatory and voluntary standards for all of our products
- Every production run is tested to exceed all required lead standards
- All crib slats are constructed of select solid Radiata Pine for superior strength
- All crib slats are glued and nailed, top and bottom to ensure product safety
- All composite wood exceeds requirements for California standards of formaldehyde emissions
- Taller cases feature tip restraint kits
- Solid Radiata Pine drawer boxes
- Drawers slide in and out smoothly on full-extension drawer glides
- Self-closing drawers in select collections
- Drawer boxes crafted out of solid Radiata Pine with English dovetail joinery at both the front and back
- Each drawer box is finely sanded and finished with a clear top coat
- Solid wood corner blocks and supports attached underneath every drawer box at each corner for added strength
- MDF back panels are attached using screws spaced every 6-8" for secure attachment and easy to access the case interior in the event a repair is needed.
